Agenda:

1. Unfinished business:
There are large multi-family and mixed-use projects which trigger stretch code requirements in both AA103.1 residential dwelling units and AA103.2 Large commercial buildings. There have been requests for clarification in how to treat these projects, and whether both sections apply or just the residential dwelling unit requirements.
2. New Business:

- a) Make recommendations and proposals to the BBBRS for the energy code-related public comments received and provided by Rob Anderson including proposals for Electric Vehicle charging stations and Solar Ready.
 - b) Clarification of renewable energy trade-off language in the N1106 (R406) section.
3. Other business.
